EduTech Offers Professional Development Opportunities for Educators

~Earn Graduate Credit~

EduTech boasts six qualified Information Technology Specialists (ITS) that will work with individual schools and/or teachers to provide training for all your professional development needs. Workshop delivery can be arranged onsite at your school or by videoconference. For more information on how your school or teacher can participate by video contact your school's tech coordinator and/or videoconference scheduler. To register for a video workshop email kari.sauer@sendit.nodak.edu.

SPOTLIGHT OF NEW WORKSHOPS:

- What's New with Office 2007
- Using Outlook Effectively
- Vista Operating System
- EduWeb

INTEGRATE technology

WORKSHOPS by video

Join fellow educators in one or more technology integrated workshops by video offered during the 2007-2008 school year. Number of receiving sites will be limited to five, each site having no more than 10 participants per site. Receiving sites will be determined on a first come, first served basis. It is important to visit with your school's tech coordinator for video availability on the date and time you have selected

and that participants have the necessary equipment for each workshop. (*ie. hardware & software*) Cost is \$35 per participant per workshop. Graduate credit is available.
