

2006 Curriculum Mapping Conference: Going Beyond Creating Curriculum Maps To Using Them

Presented by: Dr. Susan Udelhofen

In Collaboration With

North Dakota JPAs

**The North Central Education Cooperative
The Roughrider Education Services Program**

Dr. Susan Udelhofen

**July 25-Pre-Conference, July 26 & 27-Conference
Bismarck Radisson Inn, Bismarck, North Dakota**

This two or three day conference offers an opportunity to learn the basics of curriculum mapping, how to create a curriculum map and most importantly how to use the maps to improve student learning and teacher performance. The conference will feature a combination of large group and break-out sessions by teachers, administrators and teacher leaders who are implementing curriculum mapping. Conference participants will learn strategies to:

- Revise and learn from current maps
- Implement mapping in large schools and small rural schools
- Improve assessment strategies
- Integrate literacy across the curriculum
- Connect mapping data with state assessment results
- Create implementation plans to sustain and maintain mapping

A Representative from Atlas Software will be present

Pre-Conference: Curriculum Mapping 101 - July 25

8:00 (registration) 8:30-3:30

The pre-conference will include the basic steps of curriculum mapping for people new to mapping or those wanting a refresher. Participants will build a curriculum map. **Please bring any materials that guide instruction and previously created curriculum maps.**

Conference—July 26 & 27

July 26: 7:30 (registration) 8:00-11:45 General Session

11:45-12:30 Lunch

12:30-4:00 Break-out sessions

July 27: 8:00 -2:00 General Session and Curriculum Mapping Implementation Planning

Please bring previously created curriculum maps and a laptop computer if possible.
